Study in English

As an international institution that receives worldwide students and has international agreements with more than 1100 international institutions and organizations, the University of Castilla-La Mancha is clearly committed with its internationalization. In order to keep and increase this process, the UCLM has been working sternly on an internationalization strategy that will permit to improve and consolidate the UCLM position at the international tertiary education stage.

The aforementioned internationalization strategy is composed of numerous actions such as; the “Study Abroad Programme”, the Spanish courses for foreigners, the promotion of the UCLM, international initiatives and, obviously, the teaching in English.

From the UCLM, we understand perfectly the importance that Education in English has for our international status and reputation. Whereupon, we have started to develop an ambitious program towards the organization and implementation of teaching knowledge in English. So far, we have been able to reach a vast range of subjects taught in

English and we are still making a great effort to implement bilingual bachelors and master degrees and even some exclusively taught in English. In addition, the UCLM is developing a catalogue of subjects of the official degrees assigned as “English Friendly”, with the intention to facilitate the international students the class materials in English. Not only includes the possibility of performing English, but also the possibility of performing progress test and examinations in English, if they choose it.

The “English Friendly” program involves the voluntary commitment of the professorship to improve the monitoring of the classes by the international students. As well, it promotes the internationalization for the Spanish students with supporting documents for the study of the UCLM subjects in English.

In short, at the UCLM, international students will be capable of studying numerous disciplines of diverse fields of knowledge in English.

CAMPUS OF CUENCA

Together with Toledo, Cuenca is one of the most beautiful city in Castilla-La Mancha, also boasting of having the richest cultural and historic heritage. In 1996, UNESCO declared it the World Heritage City for several reasons. The first one, with no hesitation, is the fantastic conservation of the original urban setting and heritage by the city's authorities. Another powerful reason is its rich civil and religious architecture, which dates back from 12th to 18th century. Nevertheless, the most breath-taking element of Cuenca is the wonderful nature that surrounds the city, resulting in a wonderful nature-city mergence. In short, Cuenca is one of the most beautiful and unique cities in Spain. History, art, culture, urban and natural landscapes meet, in one single place, making Cuenca one of the most marvellous and captivating cities across the world.

As for university education, Cuenca hosts another UCLM Campus, which is located on the outskirts of the city and has approximately 3,589 students in accordance with 2021 statistics. On this campus, the student will have the chance to study several fields of expertise such as Education, Engineering or Social Sciences. However, the Campus of Cuenca's stronghold is the Faculty of Fine Arts.

As with Toledo, Cuenca joins the finest of two worlds. On the one hand, the traditional and historical sphere, with wonderful its heritage and architecture and on the other hand, the modern sphere with wonderful. With no hesitation, students will be delighted and astonished for all the beauty that Cuenca offers and represents.
